

Download By The Sweat Of The Brow

Sweat definition, to perspire, especially freely or profusely. See more. Toil is another word for work. You toil as a customer service rep all day, but you'd prefer to work as a rock goddess. Unfortunately, there weren't many ads in the employment section for goddesses — rock or otherwise. there yet is man -- Man, the divinest of all things, whose heart Hath known the shipwreck of a thousand hopes, Who bears a hundred wrinkled tragedies Upon the parchment of his brow, whose soul Strange cares have lined and interlined, until Beneath the burden of life his inmost self Bows down. First Known Use of brow. Noun (1) before the 12th century, in the meaning defined at sense 1a. Noun (2) 1867, in the meaning defined above
