

# Download Datura

Datura is a genus of nine species of poisonous vespertine flowering plants belonging to the family Solanaceae. They are commonly known as daturas, but also known as devil's trumpets, not to be confused with angel's trumpets, its closely related genus Brugmansia. They are also sometimes called moonflowers, jimsonweed, devil's weed, hell's bells, thorn-apple, and many more. Datura, or trumpet flower, is one of those 'ooh and ahh' plants. What is Datura? It is an herbaceous perennial or annual with a deadly reputation as an ingredient in poisons and love potions. Read here to learn more. Datura stramonium, known by the English names jimsonweed (jimson weed) or devil's snare, is a plant in the nightshade family. It is believed to have originated in Mexico, but has now become naturalized in many other regions. Other common names for D. stramonium include thornapple and moon flower, and it has the Spanish name toloache. Other names for the plant include hell's bells, devil's ... Datura is a woody-stalked, leafy herb growing up to 2 meters. It produces spiny seed pods and large white or purple trumpet-shaped flowers that face upward. Datura (also known as devil's trumpets, moonflowers, jimsonweed, devil's weed, hell's bells, thorn-apple, and many others) is a genus of nine species of poisonous flowering plants belonging to the family Solanaceae. Daturas are known as powerful and dangerous deliriants, used for shamanic and medical purposes, as well as poisons. They contain the potent anticholinergic substances scopolamine ... Datura - Jimson Weed The Sacred Datura - Invitation to Disaster. by Jay W. Sharp. All parts of all datura plants are poisonous and can be fatal if ingested. The white and lavender-tinted, trumpet-shaped bloom of the sacred datura promises a fairyland of delicate beauty, moths, butterflies, long-tongued bees, hummingbirds and magical moonlit nights. Datura, one species of which is the jimsonweed, is used by native peoples in North and South America; the active principle, however, is highly toxic and dangerous. A drink prepared from the shrub Mimosa hostilis that is said to produce glorious visions in warriors before...
