Feeding your chickens a complete and balanced diet is essential if they are to stay healthy and lay lots of lovely eggs! Chickens will eat almost anything so to prevent deficiencies and health problems, a wide range of foods should be offered. A: Naturally, this will depend on the conditions under which they're kept. Pet chickens that are properly cared for can live a relatively long time---longer than dogs, sometimes, although that's rare. In the year 249BC, in the midst of the First Punic War, a Roman consul named Publius Claudius Appius Pulcher hurled the Sacred Chickens of Rome into the sea. This is their story...Information you need to know about raising backyard chickens provided free by My Pet Chicken, My Chickens And I.
