Through the riding courses he taught and his "Stayin' Safe" columns in Rider magazine (from 1988 until his untimely death in 2006), he helped thousands of motorcyclists improve their skills and their ability to ride really well. Stayin' Safe: The Art and Science of Riding Really Well is a collection of Grodsky's columns, first published in Rider magazine. The book was just published in 2008 and the material for the book was compiled by Grodsky's friend Pete Tamblyn, who is also a riding instructor in Grodsky's "Stayin' Safe Motorcycle Training Program", which is still going strong.
