The blurb on the cover reads: "UNRAVELING THE MYSTERY OF HOW THE BRAIN MAKES THE MIND." If the MYSTERY was UNRAVELED remains unclear. I did get the picture of a bunch of (mainly) guys sitting around getting wired on coffee spewing theories but that's just the resentful mumbling of an inferior mind. Understanding how consciousness could emanate from such an organization will help define the future of brain science and artificial intelligence, and close the gap between brain and mind. Captivating and accessible, with insights drawn from a lifetime at the forefront of the field, The Consciousness Instinct sets the course for the neuroscience of tomorrow., The Consciousness Instinct Unraveling The Mystery Of How The Brain Makes The Mind.
