

Download The Rock Art Of Texas Indians

The Rock Art of Texas Indians has been long out-of-print, and first editions are rare and costly. This reproduction of that edition will make a monumental and classic work available to a whole new generation of readers. The Rock Art of Texas Indians has been long out-of-print, and first editions are rare and costly. This reproduction of that edition will make a monumental and classic work available to a whole new generation of readers. In The Rock Art of Texas Indians, Kirkland's meticulous watercolor copies of this rich and diversified art are reproduced, 32 in full color, the rest in black and white. The informative and engaging text is contributed by W.W. Newcomb, Jr., former director of the Texas Memorial Museum and author of The Indians of Texas. The Rock Art of Texas Indians. Those early Indians, at different times and places and in a variety of styles, carved and painted their art from Paint Rock in West Central Texas to the canyons of the Big Bend, from the Canadian River Valley in the Panhandle to the Hueco Tanks near El Paso. As the form for this art was varied,...
