The Toyota E engine family is a straight-4 piston engine series, and uses timing belt rather than a chain. The E engines were the first multi-valve engines from Toyota designed with economy, practicality and everyday use in mind (rather than performance). Like many other Toyota engines from the era, the E engine series features a cast iron block, along with an aluminum cylinder head. BMC / Leyland / Rover Mini. The classic Mini is a favourite within historic motorsport circles. The British icon has seen a great level of success over the years, whether it be the Monte Carlo Rally or Touring Car Racing back in the 1960's.
